MEDICAL SANDS'S SARSAPARILLES, For the Removal and Permanent Cure

of all Diseases arising from an impure state of the Blood, or Habit of the System. The operation of this preparation is three-fold. It acts as a ton-ic, strengthening the digestive power and restoring the appefeet, and as an aperient, peculiarly suited and gentle in its laxative effect, and as an amiseptic, paralying the fluids of the body, and neutralizing in the blood the active principle of disease. The many well authenticated cures of Scrolula of the most malignant character wrought by Sands' Sarsaparilla, have given it a wide and deserved celebrity. But it is not alone in Scrofula nor in the class of disc ses to which it belongs, that this preparation has been found beneficial. It is a specie in many diseases of the skin, and may be administered with favorable re-nits in all , it also exercises a controlling influence in bilious complaints; and when the system has been debilitated either by the use of pswerful mineral medicines or other causes, it will be found an excellent restorative. par ed to its careful permal.
